

Introduction to Abdominal and Primary Care Ultrasound

November 4 - 6, 2019

Monday, November 4, 2019		
7:30	Welcome and Continental Breakfast	
7:45	Interactive Polling Session	
8:00	Imaging Fundamentals	Lori Green, BA, RT, RDMS, RDCS, RVT
8:45	Break	
9:00	Abdominal Anatomy/Scan Techniques	
9:45	Abdominal Aorta	Lori Green, BA, RT, RDMS, RDCS, RVT
10:15	Break	
10:30	Liver Sonography	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
11:30	Break	
11:45	Gallbladder and Biliary Tree Sonography	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
12:30	Lunch	
1:30	Liver Pathology	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
2:30	Hands-On Scanning	
5:00	Adjourn	

Tuesday, November 5, 2019		
7:45	Continental Breakfast	
8:00	Gallbladder & Biliary Tree Pathology	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
8:30	Spleen Sonography	
9:00	Break	
9:15	Pancreas Sonography	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
10:15	Renal Sonography	
11:15	Break	
11:30	Abdominal Case Studies	
12:30	Lunch:	
12:45	Optional Abdominal Doppler/Color Fundamentals Video Lecture	
1:30	Scrotal / Testicular Sonography	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
2:30	Hands-On Scanning	
5:00	Adjourn	

Wednesday, November 6, 2019		
7:45	Continental Breakfast	
8:00	The EFAST Exam (Trauma)	Charlotte Derr, MD, RDMS, FACEP
8:45	Break	
9:00	Soft Tissue & MSK Applications	Charlotte Derr, MD, RDMS, FACEP
9:45	Break	
10:00	US Evaluation of the Appendix & GI Tract	Charlotte Derr, MD, RDMS, FACEP
10:40	Break	
10:50	Thyroid Ultrasound	Salvatore LaRusso, M.Ed., RDMS, FAIUM, RT(R)
11:30	Interactive Case Studies: Part 1	Charlotte Derr, MD, RDMS, FACEP
12:15	Lunch:	
12:30	Optional Renal Doppler Video Lecture	
1:30	Abdominal Case Studies Part 2	Charlotte Derr, MD, RDMS, FACEP

Introduction to
Abdominal and Primary Care Ultrasound
November 4 - 6, 2019

2:15	Interactive Polling with discussion
2:30	Hands-on Scanning
5:00	Adjourn

Introduction to Abdominal and Primary Care Ultrasound November 4 - 6, 2019

The Gulfcoast Ultrasound Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Gulfcoast Ultrasound Institute designates this live educational activity for a maximum of 23.5 *AMA PRA Category 1 Credits*™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians (ACEP) for a maximum of 23.5 hour(s) of Category I credit.

Approved by the ASRT for 20.75 Category A continuing education credit.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 23.5 *MOC* points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC point's equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

NEEDS STATEMENT:

The planning committee has determined a need for the following educational activity based on request from the medical community, expanded utilization of ultrasound, and lab accreditation requirements.

COURSE OBJECTIVES:

At the completion of the program the participant should be able to:

1. Increase participant's knowledge to better perform and/or interpret abdominal ultrasound examinations.
2. Demonstrate proper transducer manipulation and system optimization to produce diagnostic images.
3. Perform scan protocols and routine measurements that are utilized during an abdominal ultrasound evaluation.
4. Identify normal/abnormal imaging characteristics of the liver, gallbladder, pancreas, spleen, kidneys and abdominal vasculature.
5. Cite Doppler/color physics principles and be able to (sonographers) apply these principles to optimize system controls or (physicians) utilize this information for identifying technical errors which may result in misdiagnosis (optional lecture).
6. Demonstrate routine examination protocols associated with the ultrasound evaluation of renal artery stenosis (optional lecture).
7. Differentiate normal/abnormal characteristics for the evaluation of the thyroid, testes/scrotum, and appendix.
8. Perform ultrasound evaluation of the trauma patient (FAST exam).
9. Demonstrate the use of ultrasound for evaluation of soft-tissue pathology.
10. Increase confidence to incorporate protocols, scan techniques & interpretation criteria to improve diagnostic/treatment accuracy.

While offering CME credit hours this activity is not intended to provide extensive training or certification for performance of or interpretation of Abdominal Ultrasound Examinations. We recommend working under supervised conditions until an acceptable level of proficiency has been achieved.

A special thanks to the following ultrasound equipment manufacturers who provide various (in kind) equipment support to help make our programs possible (companies listed are as of the time of printing)

Introduction to Abdominal and Primary Care Ultrasound November 4 - 6, 2019

Disclosure of Relevant Financial Relationships With Commercial Companies/Organizations

Gulfoast Ultrasound Institute, Inc. endorses the standards and essentials of the Accreditation Council for Continuing Medical Education for activities and the speakers at these activities disclose significant relationships with commercial companies.

Speakers having relevant relationships include receiving from a commercial company research grants, consultancies, honoraria and travel, or having a self-managed equity interest in a company.

FACULTY:

Charlotte Derr, MD, RDMS, FACEP

Assistant Professor of Emergency Medicine &
Fellowship Director of Emergency Medicine
Ultrasound Fellowship Program
University of South Florida Medical School
Tampa, FL

No relevant financial relationships to disclose

Lori Green, BA, RT, RDMS, RDCS, RVT

Program Director
Gulfoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Salvatore LaRusso M.Ed. RDMS, FAIUM, RT(R)

Senior Instructor Radiology
Penn State College of Medicine
Chief Sonographer
Penn State Hershey
Penn State Children's Hospital
Hershey, PA

No relevant financial relationships to disclose

All presentations for this CME activity were reviewed and approved by member(s) of the GUI staff to determine content validity and ensure that no conflicts of interest exist prior to final course material compilation and printing.

Introduction to Abdominal and Primary Care Ultrasound November 4 - 6, 2019

Disclosure of Individuals in Control of Content

In addition to the faculty listed on the previous page the following individuals are recognized by GUI as being in control of content of this program:

James Mateer, MD, RDMS (Medical Director-planner & QI Task Force)

Medical Director, Gulfcoast Ultrasound Institute
Milwaukee, WI

No relevant financial relationships to disclose

Charlotte Derr, MD, RDMS, FACEP (Co-Medical Director-planner & QI Task Force)

Assistant Professor of Emergency Medicine &
Fellowship Director of Emergency Medicine
Ultrasound Fellowship Program
University of South Florida Medical School
Tampa, FL

No relevant financial relationships to disclose

Andreas Dewitz, MD, RDMS (Member of Advisory Board & QI Task Force Subcommittee)

Associate Professor of Emergency Medicine
Vice Chair of Ultrasound Education
Boston Medical Center
Boston, MA

No relevant financial relationships to disclose

Lori Green, BA, RT, RDMS, RDCS, RVT (Program Director-planner, Content Reviewer, QI Task Force)

Gulfcoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Content:

All content for this CME activity were reviewed and approved by member(s) of the GUI staff to determine content validity and ensure that no conflicts of interest exist prior to final course material compilation and printing.

Reviewed & approved:

Lori Green BA, RT, RDMS, RDCS, RVT

HANDS-ON INSTRUCTORS:

At the time of printing **all hands-on instructors for this program have signed disclosure forms and have no relevant financial relationships to disclose.** A verbal disclosure will be made during opening remarks. All scanning sessions are monitored by the program director and/or the program manager to ensure education objectives are met and no commercial bias occurs.

Introduction to
Abdominal and Primary Care Ultrasound
November 4 - 6, 2019

Welcome!!

The entire staff at Gulfcoast Ultrasound Institute would like to welcome you to our educational facility.

Our goal is to provide the highest quality continuing education possible in a relaxed and personal atmosphere. The content of each program has been carefully planned to provide you with the information needed to obtain a firm foundation to begin gaining the experience to perform and/or interpret ultrasound examinations in the specialty of your choice. The program will be structured with lectures in the morning and hands-on sessions during the afternoon to allow more individualized attention the program participants will be divided into groups for the hands-on workshops based on your experience level and type of equipment you work with.

To help you get the most out of this program we would like to make the following recommendations:

1. Attend the lectures and scheduled hands-on sessions.
2. When you are not involved in a scheduled afternoon session, take advantage of the SUPPLEMENTAL SCANNING WORKSHOP or check out a DVD from our library.
3. If you do not understand a particular concept, ASK FOR HELP!
4. Study your course workbook during the evening.
5. Remember excellence is not achieved overnight. Becoming proficient in any ultrasound specialty requires the commitment to continually study, and perform multiple (at least 100) exams before an initial level of confidence is achieved. The AIUM guidelines suggest competency for interpretation requires a minimum of 500 exams per specialty.
6. Begin scanning immediately upon return to the ultrasound departments even if it's on a volunteer. We recommend scanning/interpretations under supervised conditions until an accepted level of proficiency has been obtained.

All of our instructors, guest speakers and office staff are here to serve you! If you have any questions of any kind, please do not hesitate to ask.

Gulfcoast Ultrasound Institute
EQUIPMENT RECOMMENDATIONS

Throughout the past 35 years Gulfcoast Ultrasound Institute has taken great pride in our ability to provide quality continuing education programs while remaining unbiased regarding the recommendation of ultrasound equipment.

Our programs are supported by most of the major equipment manufactures by providing their systems for use during the hands-on sessions. These companies have learned their products will be used and demonstrated to the best of our abilities in an educational setting and that no selling or promotion is done on our premises.

We realize that some of the course participants may currently be in the process of evaluating equipment for purchase and would like the opinions of our staff to determine the "best" system for your department. Everyone has a "favorite" ultrasound system (usually because it is the one they have worked with the most and are comfortable with) however, Gulfcoast Ultrasound must take an unbiased position in regards to equipment recommendations.

If you are currently evaluating equipment for purchase we suggest you invite the equipment manufacturers to your facility for a private demonstration to determine image quality, ease of use, over-all capabilities etc. on an individual basis.

Thank you!

Lori Green BA, RT, RDMS, RDCS, RVT
