

Introduction to Abdominal/Primary Care and OB/GYN Ultrasound

November 8 – 12, 2021

Monday, November 8, 2021		
7:30	Welcome and Continental Breakfast	
7:45	Interactive Polling Session	
8:00	Imaging Fundamentals	Lori Green, BA, RT, RDMS, RDCS, RVT
8:45	Break	
9:00	Abdominal Anatomy/Scan Techniques	Trisha Reo, AAS, RDMS, RVT
9:45	Abdominal Aorta	Lori Green, BA, RT, RDMS, RDCS, RVT
10:15	Break	
10:30	Liver Sonography	Emily Downs, BS, RDMS, RVT, RDCS, RT
11:30	Break	
11:45	Gallbladder and Biliary Tree Sonography	
12:30	Lunch	
1:30	Liver Pathology	Emily Downs, BS, RDMS, RVT, RDCS, RT
2:30	Hands-On Scanning	
5:00	Adjourn	

Tuesday, November 9, 2021		
7:45	Continental Breakfast	
8:00	Gallbladder & Biliary Tree Pathology	Emily Downs, BS, RDMS, RVT, RDCS, RT
8:30	Spleen Sonography	Trisha Reo, AAS, RDMS, RVT
9:00	Break	
9:15	Pancreas Sonography	Emily Downs, BS, RDMS, RVT, RDCS, RT
10:15	Renal Sonography	
11:15	Break	
11:30	Abdominal Case Studies	
12:30	Lunch	
12:45	Optional Abdominal Doppler/Color Fundamentals Video Lecture	
1:30	Scrotal / Testicular Sonography	Emily Downs, BS, RDMS, RVT, RDCS, RT
2:30	Hands-On Scanning	
5:00	Adjourn	

Wednesday, November 10, 2021		
7:45	Continental Breakfast	
8:00	The EFAST Exam (Trauma)	Charlotte Derr, MD, RDMS, FACEP
8:45	Break	
9:00	Soft Tissue & MSK Applications	
9:45	Break	
10:00	US Evaluation of the Appendix & GI Tract	
10:40	Break	
10:50	Thyroid Ultrasound	Emily Downs, BS, RDMS, RVT, RDCS, RT
11:30	Interactive Case Studies: Part 1	Charlotte Derr, MD, RDMS, FACEP
12:15	Lunch	
12:30	Optional Renal Doppler Video Lecture	
1:30	Abdominal Case Studies Part 2	Charlotte Derr, MD, RDMS, FACEP
2:15	Interactive Polling with discussion	
2:30	Hands-on Scanning	
5:00	Adjourn	

Introduction to
Abdominal/Primary Care and OB/GYN Ultrasound
 November 8 – 12, 2021

Thursday, November 11, 2021		
7:30	Welcome and Continental Breakfast	
7:45	Interactive Polling Session	
8:00	GYN Anatomy	Emily Downs, BS, RDMS, RVT, RDCS, RT
9:00	Break	
9:15	Scan Protocol (TAS & TV)	
10:45	Break	
11:00	GYN pathology / Case Studies	
12:00	Lunch	
1:00	Scan Lab: Hands-On Scanning (GYN- FB & EV) Main Lecture Room: First Trimester Ultrasound & Case Studies	Emily Downs, BS, RDMS, RVT, RDCS, RT
4:30	Adjourn	

Friday, November 12, 2021		
7:30	Continental Breakfast	
7:45	Maternal Survey and Biometry	Jane Burns, AS, RT, RDMS
8:50	Break	
9:00	Fetal Anatomy Survey	
9:40	Break	
9:50	BPP and Multiple Gestations	
10:40	Break	
10:50	Fetal Abnormalities: Part I	Ahmed Al-Malt, MD
12:00	Lunch	
12:45	Fetal Abnormalities: Part II	Ahmed Al-Malt, MD
1:45	Interactive Polling Session	
2:00	Scan Lab: Hands-On Scanning: OB & GYN Main Lecture Room: OB Case Studies	Ahmed Al-Malt, MD
5:00	Adjourn	

** This is a tentative course itinerary. Lecture faculty, times and dates may be subject to change.

Introduction to **Abdominal/Primary Care and OB/GYN Ultrasound** November 8 – 12, 2021

Introduction to Abdominal and Primary Care Ultrasound

The Gulfcoast Ultrasound Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Gulfcoast Ultrasound Institute designates this live educational activity for a maximum of 24.0 *AMA PRA Category 1 Credits*™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians (ACEP) for a maximum of 24.0 hour(s) of Category I credit.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 24.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

This course also meets CME / CEU requirements for ARDMS. Note: While offering the CME credit hours noted above, activities are not intended to provide extensive training or certification for exam performance or interpretation.

Introduction to OB / GYN Ultrasound

The Gulfcoast Ultrasound Institute is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Gulfcoast Ultrasound Institute designates this educational activity for a maximum of 16.0 *AMA PRA Category 1 Credits*™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Approved by the American College of Emergency Physicians (ACEP) for a maximum of 16.0 hour(s) of Category I credit.

This course also meets CME / CEU requirements for ARDMS. Note: While offering the CME credit hours noted above, activities are not intended to provide extensive training or certification for exam performance or interpretation.

Introduction to Abdominal/Primary Care and OB/GYN Ultrasound November 8 – 12, 2021

NEEDS STATEMENT:

The planning committee has determined a need for the following educational activity based on request from the medical community, expanded utilization of ultrasound, and lab accreditation requirements.

COURSE OBJECTIVES:

At the completion of the program the participant should be able to:

1. Increase participant's knowledge to better perform and/or interpret abdominal and OB/GYN examinations.
2. Demonstrate proper transducer manipulation and system optimization to produce diagnostic images.
3. Perform scan protocols and routine measurements that are utilized during an abdominal and OB/GYN ultrasound evaluation.
4. Identify normal/abnormal imaging characteristics of the liver, gallbladder, pancreas, spleen, kidneys and abdominal vasculature.
5. Cite Doppler/color physics principles and be able to (sonographers) apply these principles to optimize system controls or (physicians) utilize this information for identifying technical errors which may result in misdiagnosis (optional lecture).
6. Demonstrate routine examination protocols associated with the ultrasound evaluation of renal artery stenosis (optional lecture).
7. Differentiate normal/abnormal characteristics for the evaluation of the thyroid, testes/scrotum, appendix, and soft tissue pathology.
8. Demonstrate routine scan protocols for performing transabdominal & endovaginal GYN scanning, and 1st trimester obstetric applications.
9. State the normal and abnormal imaging characteristics of the ovaries and uterus and differentiate commonly seen pathology.
10. List the indications and ultrasound findings for suspicion of an ectopic pregnancy.
11. Apply appropriate measurement techniques to assess fetal dates and appropriate fetal development.
12. Recognize normal fetal anatomy, commonly seen fetal abnormalities and their corresponding ultrasound imaging characteristics.
13. Increase confidence to incorporate protocols, scan techniques, and interpretation criteria to improve diagnostic/treatment accuracy.

While offering CME credit hours this activity is not intended to provide extensive training or certification for performance of or interpretation of Abdominal Ultrasound and OB/GYN Examinations. We recommend working under supervised conditions until an acceptable level of proficiency has been achieved.

A special thanks to the following ultrasound equipment manufacturers who provide various (in kind) equipment support to help make our programs possible (companies listed are as of the time of printing)

Introduction to
Abdominal/Primary Care and OB/GYN Ultrasound
November 8 – 12, 2021

**Disclosure of Relevant Financial Relationships
With Commercial Companies/Organizations**

Gulfcoast Ultrasound Institute, Inc. endorses the standards and essentials of the Accreditation Council for Continuing Medical Education for activities and the speakers at these activities disclose significant relationships with commercial companies.

Speakers having relevant relationships include receiving from a commercial company research grants, consultancies, honoraria and travel, or having a self-managed equity interest in a company.

Disclosure of a relationship is not intended to suggest or condone bias in any presentation but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

FACULTY:

Charlotte Derr, MD, RDMS, FACEP

Assistant Professor of Emergency Medicine &
Fellowship Director of Emergency Medicine
Ultrasound Fellowship Program
University of South Florida Medical School
Tampa, FL

No relevant financial relationships to disclose

Ahmed Al-Malt, MD (GUI QI Task Force Subcommittee)

Associate Professor
Fetal Diagnostic Center
Orlando, FL

No relevant financial relationships to disclose

Emily Downs, BS, RDMS, RVT, RDCS, RT

Program Director Diagnostic Medical Sonography
University of Colorado Health
Aurora, CO

No relevant financial relationships to disclose

Jane J.K. Burns, AS, RT, RDMS

Senior Perinatal Sonographer
Ultrasound Consultant
DmsPro, LLC
St. Joseph, MN

No relevant financial relationships to disclose

Lori Green, BA, RT, RDMS, RDCS, RVT

Program Director
Gulfcoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Trisha Reo, AAS, RDMS, RVT (Program Coordinator-planner, Content Reviewer, QI Task Force)

Gulfcoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

All presentations for this CME activity were reviewed and approved by member(s) of the GUI staff to determine content validity and ensure that no conflicts of interest exist prior to final course material compilation and printing.

Introduction to
Abdominal/Primary Care and OB/GYN Ultrasound
November 8 – 12, 2021

Disclosure of Individuals in Control of Content

In addition to the faculty listed on the previous page the following individuals are recognized by GUI as being in control of content of this program:

James Mateer, MD, RDMS (Medical Director-planner & QI Task Force)

Medical Director, Gulfcoast Ultrasound Institute
Milwaukee, WI

No relevant financial relationships to disclose

Charlotte Derr, MD, RDMS, FACEP (Co-Medical Director-planner & QI Task Force)

Assistant Professor of Emergency Medicine &
Fellowship Director of Emergency Medicine
Ultrasound Fellowship Program
University of South Florida Medical School
Tampa, FL

No relevant financial relationships to disclose

Andreas Dewitz, MD, RDMS (Member of Advisory Board & QI Task Force Subcommittee)

Associate Professor of Emergency Medicine
Vice Chair of Ultrasound Education
Boston Medical Center
Boston, MA

No relevant financial relationships to disclose

Lori Green, BA, RT, RDMS, RDCS, RVT (Program Director-planner, Content Reviewer, QI Task Force)

Gulfcoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Trisha Reo, AAS, RDMS, RVT (Program Coordinator-planner, Content Reviewer, QI Task Force)

Gulfcoast Ultrasound Institute, Inc.
St. Petersburg, FL

No relevant financial relationships to disclose

Content:

All content for this CME activity were reviewed and approved by member(s) of the GUI staff to determine content validity and ensure that no conflicts of interest exist prior to final course material compilation and printing.

Reviewed & approved:

Lori Green BA, RT, RDMS, RDCS, RVT

Trisha Reo AAS, RDMS, RVT

HANDS-ON INSTRUCTORS:

At the time of printing **all hands-on instructors for this program have signed disclosure forms and have no relevant financial relationships to disclose.** A verbal disclosure will be made during opening remarks. All scanning sessions are monitored by the program director and/or the program manager to ensure education objectives are met and no commercial bias occurs.

Introduction to
Abdominal/Primary Care and OB/GYN Ultrasound
November 8 – 12, 2021

Welcome!!

The entire staff at Gulfoast Ultrasound Institute would like to welcome you to our educational facility.

Our goal is to provide the highest quality continuing education possible in a relaxed and personal atmosphere. The content of each program has been carefully planned to provide you with the information needed to obtain a firm foundation to begin gaining the experience to perform and/or interpret ultrasound examinations in the specialty of your choice. The program will be structured with lectures in the morning and hands-on sessions during the afternoon to allow more individualized attention the program participants will be divided into groups for the hands-on workshops based on your experience level and type of equipment you work with.

To help you get the most out of this program we would like to make the following recommendations:

1. Attend the lectures and scheduled hands-on sessions.
2. When you are not involved in a scheduled afternoon session, take advantage of the SUPPLEMENTAL SCANNING WORKSHOP or check out a DVD from our library.
3. If you do not understand a particular concept ASK FOR HELP!
4. Study your course workbook during the evening.
5. Remember excellence is not achieved overnight. Becoming proficient in any ultrasound specialty requires the commitment to continually study, and perform multiple (at least 100) exams before an initial level of confidence is achieved. The AIUM guidelines suggest competency for interpretation requires a minimum of 500 exams per specialty.
6. Begin scanning immediately upon return to the ultrasound departments even if it's on a volunteer. We recommend scanning/interpretations under supervised conditions until an accepted level of proficiency has been obtained.

All of our instructors, guest speakers and office staff are here to serve you! If you have any questions of any kind, please do not hesitate to ask.

Introduction to
Abdominal/Primary Care and OB/GYN Ultrasound
November 8 – 12, 2021

Gulfoast Ultrasound Institute **EQUIPMENT RECOMMENDATIONS**

Throughout the past 35 years Gulfoast Ultrasound Institute has taken great pride in our ability to provide quality continuing education programs while remaining unbiased regarding the recommendation of ultrasound equipment.

Our programs are supported by most of the major equipment manufactures by providing their systems for use during the hands-on sessions. These companies have learned their products will be used and demonstrated to the best of our abilities in an educational setting and that no selling or promotion is done on our premises.

We realize that some of the course participants may currently be in the process of evaluating equipment for purchase and would like the opinions of our staff to determine the “best” system for your department. Everyone has a “favorite” ultrasound system (usually because it is the one they have worked with the most and are comfortable with) however, Gulfoast Ultrasound must take an unbiased position in regards to equipment recommendations.

If you are currently evaluating equipment for purchase we suggest you invite the equipment manufacturers to your facility for a private demonstration to determine image quality, ease of use, over-all capabilities etc. on an individual basis.

Thank you!

Lori Green BA, RT, RDMS, RDCS, RVT
